Testing & QA through the eyes of a Program Director

Brett Rodgers
Director MB Test Partners

Copyright © ANZTB

Outline

- Introduction
- My expectations of the testing function
- Transition to Program Director (PD) and key responsibilities
- A PD's expectations of the testing function
- What a good testing team looks like
- Questions

Introduction

- Who am I ?
- What credentials do I have to be speaking about this topic ?

My expectations of the testing function

- Know the details
- Communicate
- Be realistic
- Articulate the current and projected position
- Understand our coverage and risk

Transition to Program Director (PD) and key responsibilities

- What was I thinking?
- A different kind of pressure

The Program Director oversees the **coordination** and **administration** of all aspects of an ongoing program including planning, organising, staffing, leading, and controlling program activities.

A PD's expectations of the testing function

- To be well led
- Show initiative and independence
- Tell me what's really going on
- Understand the business drivers
- Clear and accurate reporting
- Answer questions
- What haven't I thought of?

What a good testing team looks like

- Communication skills
- Governance and reporting
- Maintain cadence
- Drive deliverables

- What do you need to do?

“It’s easier to ask for forgiveness than ask for permission”

Grace Murray Hopper
